CSL Junior Referee Uniform Assistance Program

It is CSL's intention to offer a one time assistance to Junior Referees who are starting out, in order to help them overcome the costs of initiation.

Any Junior Referee (Individual under the age of 18) who completes a minimum of 10 CSL (League or League Cup) games before their 18th birthday may, after completing those games and before their 19th birthday, request reimbursement from CSL for up to \$50 for expenses on Referee uniforms already purchased.

CSL requires from the Junior Referee a formal request which **must** be mailed and **must** contain:

- Formal request letter (must be composed by individual requesting reimbursement and may not be a form)
- the Junior Referee's name
- complete address
- phone number
- e-mail address if there is one
- date of birth
- Referee Association or Associations
- (CSL will verify the 10 game requirement through the CSL System)

If any of these items are missing or incomplete, the request will be returned.

The Policy, our fiduciary responsibility to our paying members and our accounting firm, requires that we verify any Junior Referee who may apply for assistance under the Policy. In order to do this, we require the Junior Referee (or their family in their stead) to directly submit the formal written request to Coast Soccer League.

We require these items for our records to show why and where monies were paid out to individuals. The Program is not designed to assist the Referee Associations or Soccer Clubs and teams in helping the Junior Referees, but is designed to give the Junior Referees direct assistance. In return, CSL expects that the Junior Referees will recognize the direct assistance that CSL has offered. CSL can only assist Junior Referees in this manner through direct contact.
